Applications

Joncryl 633 is a styrene acrylic emulsion that can be used to manufacture inks for corrugated board and kraft bags. Inks formulated with Joncryl 633 enable bright, clean colors on off-white substrates. It can also be used as a partial substitute for TiO₂ in ink formulations for paper and board substrates.

Joncryl 633 is recommended for applications such as:

- Printing inks for flexographic or gravure applications

Safety

General The usual safety precautions when handling chemicals must be observed. These include the measures described in Federal, State and Local health and safety regulations, thorough ventilation of the workplace, good skin care and wearing of protective goggles.

Safety Data Sheet All safety information is provided in the Safety Data Sheet for Joncryl 633.
