Applications

Joncryl DFC 3050 is a non-film forming, RC acrylic emulsion that provides dry and block resistance to ink, overprint varnish, and functional packaging coating formulations for direct food contact applications. It may be used in paper coatings and polyolefin film applications that require direct contact with food in a broad range of conditions. Please request a Food Contact Statement for details.

Joncryl DFC 3050 is recommended for applications such as:

- Printing inks
- Overprint varnishes for packaging applications
- Functional packaging coatings applications

Safety

General
